Users

Field	Description	Type	Default	Other
UserId		int		PK
Email		email		
Password		password		
is_verified		boolean		
is_staff		boolean		
is_super_user		boolean		

Profile

Field	Description	Type	Default	Other
ProfileId		int		PK
User		int		FK
Name		string		
Phone_number		phone_number		

List_API_key

Field	Description	Type	Default	Other
API_key		api_key		FK
Profile		int		FK
is_active		boolean		
name_service				
desription_service				

Category

Field	Description	Type	Default	Other
CategoryId		int		PK
name		string		
description		text		

Style

Field	Description	Type	Default	Other
StyleId		int		PK
name		string		
description		text		

Age_Group

Field	Description	Type	Default	Other
AgeGroupId		int		PK
name		string		
description		text		

Image_collection

Field	Description	Type	Default	Other
ImageId		int		PK
API_key		int		FK
Name		string		
description		text		
Style		int		FK
category		int		FK
age_group		int		FK
